

**IN THE DRAWINGS:**

Please amend Figure 10 to change the reference number 1012 located on the left hand side and pointing to "B0W5" to 1032 to be consistent with the specification at page 43, line 9 and page 63, lines 11-18. An annotated sheet is enclosed for the Examiner's convenience.

## **REMARKS**

### **The Amendments Herein**

Applicants submit this amendment to correct a minor typographical error in the drawings. No new matter has been added to the application by this Amendment nor will any search be required. Applicants therefore respectfully request entry of the amendment, despite the fact that the application has been allowed, since the requested amendment embodies merely the correction of formal matters in the specification without changing the scope thereof.

### **Submission of Formal Drawings**

Please substitute the attached drawings for the drawings originally filed with the above-identified application.

### **Conclusion**

All the stated grounds of objection and rejection have been respectfully traversed, accommodated, or rendered moot. Applicants therefore submit that the present application is in condition for allowance. If the Examiner believes that further dialogue would expedite consideration of the application, the Examiner is invited to contact Trading Technologies in-house Patent Counsel Adam Faier at 312-698-6003, or the undersigned attorney or agent.
